

## Water Committee Meeting

August 3, 2016

Members Present: Scott Ploeg, John Raymond

Public Present: Mike Dougherty, Chris Shepard, Russ Yarger

### Topics Discussed:

Water Committee members looked over monthly Past-Due Water Report from Kathy Kunde.

Russ Yarger has provided us with a recently revised **Capital Improvement Project Plan** and proposed timeline to maintain our village assets. This **CIPP** has been sent to the Office of Drinking Water and Municipal Assistance in Kalamazoo to the attention of Katelyn Reyes, District Engineer. A motion to approve the CIPP will be needed to proceed. Russ has also provided us with an information packet regarding Asset Management for Water Systems.

Some of the water quality surveys have been returned and the results will be counted and averaged. Next month, I intend to provide the data and additional comments for review, and potentially begin discussion on "Where to go from here?"

Fire hydrants are scheduled to be flushed on Monday August 8, 2016.

No new water samples have been received back from the DEQ as of yet.

Meeting was adjourned at 7:00 PM.

The next Water Committee meeting is scheduled for September 7<sup>th</sup> at 6:30 PM in the village office.
